

Local Group Junior Member Disclaimer

Overview:

As a local group of modellers we wish to encourage younger members to participate in local groups and expand their modelling skills. However local groups try to keep costs to a minimum with many groups just being an informal gathering of society members in different member's homes and therefore cannot afford the expense of having members CRB checked.

This leaves us with two choices, we either exclude members until they are 16 years old or ask parents/guardians to understand this limitation and to sign and return this form to the local group leader.

If you are happy for your child to attend local groups on this understanding please fill in the details below and return it to the group leader.
